### **Build-to-Suit Residential Rental Communities** Partnership Platform

Atlanta, GA, April 06, 2017 – Greyzdorf Signature Homes announced today the opening of their Build-to-Suit Residential Rental Communities Partnership Platform.

This unique opportunity allows Greyzdorf Signature Homes to construct a minimum of 500 premium single family rental dwellings in conjunction with credit worthy asset management property managers. The rental communities will look identical to for-sale projects, with lakes, fitness centers and walking trails.

The property managers will be responsible for pre-marketing and managing of the new rental communities. Over an 18-month period Greyzdorf subcontractors will be building 100 single family homes in rental communities in 5 states. The Residential Rental Communities will be in Georgia, Florida, Tennessee, North & South Carolina building a minimum of 100 houses apiece.

Over the following 18 months, Greyzdorf should complete construction of a minimum of 500 single family homes.

We are starting to interview property managers for the 5 to 10-year agreement.

Besides building Multi-family and Student Housing themselves, Greyzdorf Signature Homes is providing Build-to-Suit financing for other developers.
