## **Greyzdorf Adds Bitcoin As A Buying Payment Option To Attract Young Tech-Savvy Investors**

Our Real Estate Platform Now Take Bitcoin Investors

Atlanta, GA, May 15, 2018 – Greyzdorf’s Real Estate Asset Management platform has added bitcoin as a payment choice attracting young tech-savvy investors that are left out of Georgia’s growing single-family rental real estate market.

Besides traditional investors, the company is following and focusing on young investors by adding bitcoin as a buying payment choice. It is a natural next step for us to accept and even encourage payment in Bitcoin as we do not want to deter young, tech-savvy investors by only allowing traditional payment methods. We wish to open the Greyzdorf Asset Management market for international investors who adopted Bitcoin.

Our new real estate platform is where they can buy property online — and it’s a good outlet for transferring bitcoin wealth into hard assets with exceptional annual returns.

To Bitcoin or Ethereum users, holding just crypto is like keeping everything in one basket, so users are looking forward to diversifying through purchases like real estate. They will use us because it’s a more accessible direction to expand their investment and use cryptocurrency right away.

Our Asset-Management Platform is from the rental communities we developed from the ground up, stabilize, hold, or sell.

### **NO COMPETITION**

Greyzdorf is the only company building and selling turnkey homes within a single-family rental community. Our renters live among their peers, not other homeowners.

As a real estate developer, Greyzdorf LLC buys land, decide the marketing of the property, develop the building program and design, obtain the necessary public approval and financing, build the structures, and rent out, manage, and ultimately sell it.

Greyzdorf Communities in Georgia will have resort-style amenities, luxury in-home finishes, with fitness centers and walking trails.

## **GREYZDORF SIGNATURE HOMES LLC**

As the general contractor, Greyzdorf Signature Homes, LLC owned and managed by home builders and land development members that are devoted individuals who represent over 7,500 homes constructed with over 130 years of shared home building experience. The managing members offer specialized knowledge about local market conditions, including existing relationships with municipalities, property owners, subcontractors, and suppliers.

## **GREYZDORF MANAGEMENT**

The exclusive property manager for all construction projects built by Greyzdorf Signature Homes.
